

QUESTIONS AND ANSWERS

The following questions have been submitted concerning RFP #141203, Smallwares for School Cafeterias. None of the questions (below) received indicated a need for a change to the RFP document. Thus, no Addenda will be issued. All questions received have been answered, and are provided verbatim from what was received:

BIDDER QUESTION 1: Are we required to send a sample of each size on an item? For example line 75-79 are all dishers, just a different size, and lines 39 and 40 are different size containers.

We would prefer that you send one for each size, but it is not mandatory, if there is absolutely no other difference. If you only send one side, please include a note in your samples/bids stating that this sample serves for each of the items and state the size differences.

BIDDER QUESTION 2: If an item has an approved vendor for one item but no approved vendor for the same item just a different size, can we assume that the approved vendor works for both? (Lines 65, 63, and 64)

No. The items listed as approved are the only ones that are approved for each item. While your product may be exactly the same with only a size difference, some may not be. If it is not listed as approved, you must send a sample for that item.

BIDDER QUESTION 3: On line 65 specs a polysulfone (high heat) lid but the item number listed is polycarbonate (med heat). If polycarbonate is ok on line 65 will it be accepted on lines 66 and 67?

Any of the items listed as approved will be accepted. If they are not listed as approved you may bid either way (polysulfone or polycarbonate) and send a sample as with any alternate bid.
