The Responder is responsible for understanding and complying with the terms and conditions herein. The term "Parties", when used collectively, will apply to both the District and the Responder.

- A. GENERAL:** Upon an RFP award, the terms and conditions of this RFP or any portion thereof, may upon mutual agreement of the parties be extended for an additional term(s) or for additional quantities (all original terms and conditions will remain in effect). Subject to the mutual consent of the parties, the pricing, terms and conditions of this RFP, for the products or services specified herein, may be extended to other municipal, city or county government agencies, school boards, community or junior colleges, or state universities within the State of Florida.
- B. RFP OPENING AND FORM:** Proposal openings will be public on the date and time specified on the Proposal Acknowledgement form. All Proposals received after the time indicated will be rejected as non-responsive and retained by the District. Proposals by email, fax, telegram, or verbally by telephone or in person will not be accepted. The public opening will acknowledge receipt of the Proposals only; details concerning pricing or the offering will not be announced. All Proposals submitted shall become public record upon an announcement of a recommended award or thirty (30) days after the opening date whichever occurs first. To protect any confidential information contained in their Proposal, companies must invoke the exemptions to disclosure provided by law in response to the RFP, and must identify the data and other material to be protected, and must state the reasons why such exclusion from public disclosure is necessary.
- C. WARRANTY:** All goods and services furnished by the Responder, relating to and pursuant to this RFP will be warranted to meet or exceed the Specifications contained herein. In the event of breach, the Responder will take all necessary action, at Responder's expense, to correct such breach in the most expeditious manner possible.

- I. STOP WORK ORDER:** The School District may at any time by written notice to the Responder stop all or any part of the work for this RFP award. Upon receiving such notice, the Responder will take all reasonable steps to minimize additional costs during the period of work stoppage. - J. INSURANCE AND INDEMNIFICATION:** The Responder agrees to indemnify and save harmless the School District, its officers, agents and employees from and against any and all claims and liabilities (including expenses) for injury or death of persons or damage to any property which may result, in whole or in part, from any act or omission on the part of the Responder, its agents, employees, or representatives, or are arising from any Responder furnished goods or services, except to the extent that such damage is due solely and directly to the negligence of the School District. - L. LAWS AND REGULATIONS:** Responders will comply with all applicable Federal, State and Local laws, statutes and ordinances including, but not limited to the rules, regulations and standards of the Occupational Safety and Health Act of 1970, the Federal Contract Work Hours and Safety Standards Act, and the rules and regulations promulgated under these Acts. - R. PERFORMANCE:** In an effort to reduce the cost of doing business with the School District, and unless indicated elsewhere, no bid or performance bond is required. However, upon award and subsequent default by Responder, the School District reserves the right to pursue any or all of the following remedies: (1) to accept the next lowest available RFP price or to purchase materials or services on the open market, and to charge the original awardees for the difference in cost via a deduction to any outstanding or future obligations; (2) the Responder in default will be prohibited from activity for a period of time determined by the severity of the default, but not exceeding two (2) years; (3) any other remedy available to the School District in tort or law.

VI. PRICE PROPOSAL

In a separate, sealed envelope, provide your completed Attachment A - Price Proposal for the services described in Section IV – Specifications and Scope of Work. No pricing will be given consideration until all proposals are evaluated based on qualification items in Section V.A. through V.B.

VII. EVALUATION CRITERIA

Points will be awarded based on the responses in each proposal received. The number of points in parenthesis is the total potential points for award. Points awarded by each member of the evaluation committee shall be averaged to determine the total quantity of points awarded in each of the below categories.

A. QUESTIONNAIRE AND RESPONSE (40 POINTS):

1. Responses to each paragraph in Section V. A. shall be awarded a maximum quantity of points as listed below. A possible total of twenty-eight (28) points will be available for this section.
 - a. Company Biography (6 Points)
 - b. Technician Information & Certifications (10 Points)
 - c. Organizational Chart (6 Points)
 - d. Emergency Contact Information (6 Points)
2. The evaluation committee will determine the score for Section V. B. based on a combination of past performance with the District and the responses provided by the Responder's references. A possible total of twelve (12) points will be available for this section.

B. PRICE PROPOSAL (60 POINTS):

Responders are encouraged to propose their best pricing for each lot listed in Attachment A. The District reserves the right to evaluate proposed pricing by individual lot or by overall total. If evaluating by lot, the maximum total points will be awarded to the Responder with the most competitive proposed price for each respective lot. If evaluating by overall total, the maximum total points will be awarded to the Responder with the most competitive overall Price Proposal.

If the District evaluates pricing by individual lot, then Responder's scores for the Questionnaire and Response and Price Proposal sections will be combined to generate a separate total score for each respective lot. The Responder that earns the highest combined score for a lot will be awarded that lot. For any lot(s) not awarded to the highest-rated Responder, the next-highest-rated Responder for those lot(s) will be awarded. This process will continue until all lots are awarded. In this scenario, the evaluation committee will determine which lots are awarded to each Responder based on which will result in the lowest overall total cost to the District.

The Price Proposal shall be evaluated based on the following points system:

- a. Inspection and Maintenance Rates (40 points)
- b. Additional Services Rates (20 points)

Lack of a response for any item above will result in zero (0) points for that item. All attachments shall be clearly marked and reference the appropriate item. Additional information may be submitted by the Responder; however, the evaluation committee shall be solely responsible for determining the weight such information will be assigned, if any. Responses received which do not contain ALL items listed in this section may be considered non-responsive at the sole discretion of the District. The Agreement will be awarded to the Responder(s) deemed to be, overall, the most responsive and capable to meet and perform according the RFP specifications and scope of work.

1. By signing and submitting this form, the prospective lower tier participant is providing the certification above in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. B. Upon request from the School Board's custodian of public records, provide the School Board with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided for by law. If a Contractor does not comply with the School Board's request for records, School Board shall enforce the provisions in accordance with the contract.

C. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to School Board.

D. Upon completion of the contract, transfer, at no cost, to the School Board all public records in possession of the Contractor or keep and maintain public records required by the School Board to perform the service.
